Dear Sirs

**ENVIRONMENTAL PROTECTION ACT 1990 (AS AMENDED)  
THE WASTE MANAGEMENT LICENSING (SCOTLAND) REGULATIONS 2011 (“THE REGULATIONS”)  
REGISTRATION OF EXEMPT ACTIVITY, SCHEDULE 1, PARAGRAPH 45  
REGISTRATION NUMBER: WMS/W/0020005  
DETAILS OF ACTIVITY: THE RECOVERY OF SCRAP METAL AND/OR THE DISMANTLING OF  
DEPOLLUTED MOTOR VEHICLES AND ANCILLARY STORAGE  
AT: 157 WOODVILLE STREET, GLASGOW, G51 2RQ (NGR: NS 5554 6477)**

Thank you for the notice you provided to SEPA on 23 May 2023 together with payment of £481.

I confirm that on 26 May 2023 we will enter the relevant particulars, which you provided in the notice, in the register of establishments or undertakings carrying on exempt activities.

The exempt activity which you have advised us that you intend to carry out is the recovery of scrap metal and/or the dismantling of depolluted motor vehicles and ancillary storage in accordance with paragraph 45 of Schedule 1 to the Regulations

As the activity has been registered as “exempt” you do not need to obtain a waste management licence in order to lawfully carry it out provided you comply with the requirements set out in the Regulations, including in particular Regulations 17, 24, and Schedule 1 paragraph 45.

In addition, you must comply with the Relevant Objectives which are set out in Paragraph 6 of Part I of Schedule 4 to the Regulations (“the Relevant Objectives”).

One of the requirements of the Relevant Objectives is that waste is managed without endangering human health or using processes or methods which could harm the environment. If you fail to comply with this, then you may be committing an offence under section 33(1)(c) of the Environmental Protection Act 1990 by treating keeping or managing controlled waste in a manner likely to cause pollution of the environment or harm to human health.

The renewal date for registration of your exempt activity is **18 May 2024** in line with your original registration.
